

Custom and Software Compatible

Check Imprinting

Graphic Dimensions continues to add a new dimension to business printing with the introduction of **CheckMate™** – Custom and Software Compatible Check Imprinting *made easy!*

CheckMate is the most comprehensive laser check imprinting program in the industry and is now available from all three Graphic Dimensions' locations. We offer the most color options, layout options, imprint options and **CheckMate** includes up to 13 of the latest document security features. **CheckMate** has two paper options to choose from, MICR Bond and Security Bond and *both* include a Ghost Watermark! All CheckMate orders are imprinted in black ink, very competitively priced, ship in 24 hours and available in quantities as low as 100.
